

COMBINED VALUES CHART (CONT)

Table with 99 rows and 99 columns, displaying numerical values from 76 to 100. Each cell contains a value representing the sum of the row and column indices. For example, the first cell is 76 (row 51, column 51) and the last cell is 100 (row 99, column 99). The values increase linearly from top-left to bottom-right.
